

Appendix 2

Historic Environment Map Information

A variety of historic sites are shown on this map. Integrating these sites into green infrastructure plans can help to preserve parish history. The numbers next to the site boundaries represent locations in the Historic Environment Record (HER) which is maintained at Central Bedfordshire Council, Priory House, Chicksands. The table below gives a brief summary of each numbered site, more details are available from the HER, along with historic maps of your parish. Due to the scale of this map only Listed Buildings are shown, however, there are many other historically important buildings recorded and also other sites and finds. For advice or further information about historic areas or finds in your parish please contact the Historic Environment Information Officer at Central Bedfordshire Council (0300 300 6027 or her@centralbedfordshire.gov.uk or use the online Heritage Gateway <http://www.heritagegateway.org.uk>).
