Central Bedfordshire Council

Clophill Roundabout Improvement Works

Dear Residents & Local Businesses

Re: Clophill Roundabout Improvements Works – Clophill High Street/The Green

Central Bedfordshire Council has appointed us to carry out the roundabout improvement works. We are writing with a further update on the forthcoming works due to happen this month.

Below is the plan for the works and road closures, planned around the school holiday to help minimise the disruption:

Week Commencing: 22nd May – localised parking suspension around parts of The Green

Carriageway narrowing along the A6 and closure of the High St/A6 junction each day (off-peak hours 0900 to 1630)

- Continue the north east footway works (where we stopped previously) – utility, drainage and footway works
- Kerb works around The Green

Week Commencing: 29th May (half term) – No parking around The Green this week

Carriageway narrowing along the A6 and closure of The Green and the High St/A6 junction each day (off-peak hours 0900 to 1630)

- Complete works to the High St/A6 junction and island
- Re-surfacing around The Green

Week Commencing 5th June – no parking along sections of the High St for most of this week

The High St/A6 junction and The Green will be fully open. High St will be closed between The Green to 35 High Street.

Report Highways Issues:

You can report highways issues, including potholes, drains, footpaths and streetlights by visiting
www.fixmystreet.com

We will need to complete the High St re-surfacing works in 2 or 3 sections over 2-3 days.

We have made excellent progress on Clophill Road, the works are largely essentially complete in Clophill Road. The recent road closure was unfortunately for longer than expected.

Further contact will be made before the 30th May, regarding dates & times for the parking suspensions needed to successfully complete The Green and High Street surfacing works.

We plan to put signage and traffic marshals will be in place for the road closures over this period.

In addition, the **footway access to properties and businesses will be maintained at all times** and we will liaise with homeowners directly affected by these works.

Please accept our apologies for any inconvenience and disruption caused during your journey, while the daytime road closures are in place.

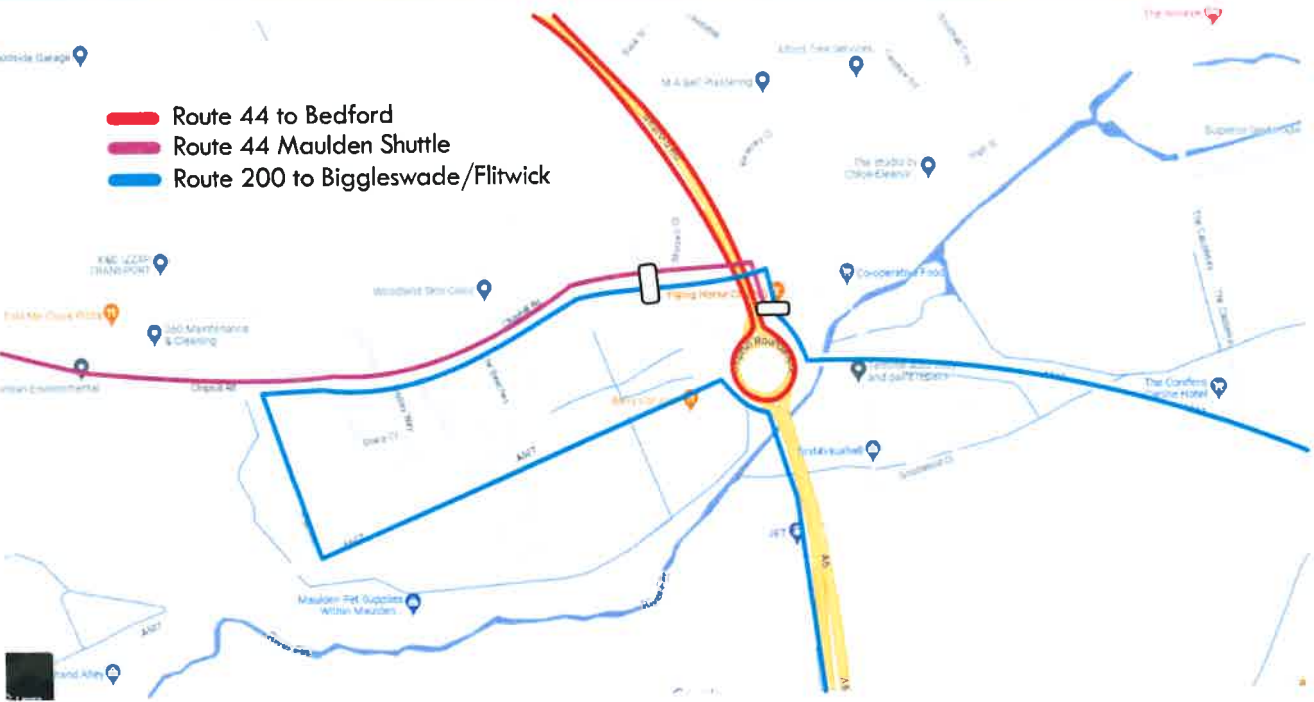

Unfortunately, the bus stop will be closed on Clophill High Street / The Green, please find attached the diversion information for the duration of the works.

Do not hesitate to contact us should have any further queries. Thank you for your co-operation during these works.

Yours sincerely

Nicola Foster
Project Communication & Stakeholder Manager

CLOSURE OF CLOPHILL GREEN

From 22nd May until 5th June our 200 and 44 services will be on diversion.

Clophill Green and the High Street will not be served for the duration of the closure.

- Service 200 will divert to temporary stops on Clophill Road Maulden.
- Service 44 to Bedford will pick up and drop off at The Flying Horse
- Service 44 will continue to shuttle between Maulden and Clophill Flying Horse for transfer to Bedford and Maulden.
- Service 44 to Flitwick will pick up from The Flying Horse

Full information about the closure can be found on our website grantpalmer.com or by calling 01525 719719
